We are supporting
Safer Internet Day 2021!

Safeguarding Newsletter

Spring 1 2021

saferinternetday.org.uk

Dear Parents/Carers,

At The Priory Primary School, we are always discussing life online with our children inside and outside of school. As a result we would always want our pupils to be 3 things whilst online; **Safe, kind and thoughtful.**

| BE SAFE | BE KIND | BE THOUGHTFUL |
|--|--|------------------------------------|
| Know what you are accessing | In an online world where you can be anything— Be kind! | Reach out to friends and relatives |
| Know who you interact with | Spread positivity | Build relationships |
| Know what you are sharing | Spread friendship | Brighten someone's day |
| Remember—once you post you have no control over where it goes next or who can see it | Spread kindness | |

This year the 9th of February is SAFER INTERNET DAY 2021

Whilst we are unable to mark this year's Safer Internet Day at school with everyone, our teachers will be discussing it in their morning check-ins and in assemblies across the week. They may also add activities for the children to do in their weekly timetable of tasks. The global theme for the day this year is:

An internet we trust: exploring reliability in the online world

For more information, visit the saferinternet website:

<https://www.saferinternet.org.uk/safer-internet-day/2021>

Use the free resources available in the parent section to talk to your child about how the internet has an amazing range of information and opportunities online, however we need to think about separating fact from fiction. How do we know what is real or fake? The packs includes activities, conversation starters and information to help parents and carers talk to their children about how to navigate the issue of online reliability, how to check the information available and how children can play their part in making the internet a more respectful and trustworthy place whilst remaining safe.

Useful websites and information for staying safe online

<https://www.nspcc.org.uk/support-us/partner-with-us/nspcc-O2-online-safety-partnership/>

The NSPCC also have an online safety helpline in conjunction with O2, they aim to answer any questions that you or your child may have about staying safe online.
