

## GET CREATIVE

Create a poster that advertises the Earth for some alien visitors. What is so amazing about our planet? What should they do and see? The Wonders of the World could link to this.

The world is full of amazing natural things like volcanos. Have a go at making your own model and see if it erupts! A good example of decoration and method can be found at: <https://www.redtedart.com/how-to-make-a-papier-mache-erupting-volcano-for-the-science-fair/> Don't forget to bring it in or send me the videos of the eruption!

## GET ACTIVE

Have a go at trying a sport that doesn't originate from the UK. Things like skydiving, rock climbing and snow sports could be tried at the iFly complex. Don't forget to take pictures!

Research and have a go at learning a dance from a different culture. Perhaps you could make a Haka with your friends! Film it for all to see.

## GET COOKING

The world is full of beautiful, interesting and delicious food. Have a look at

<https://www.tasteatlas.com/100-most-popular-foods-in-the-world> (most of you will love what is at number 1!) to see some of the top 100 dishes on earth! Pick your favourite and have a go at making it! If you would like a challenge you could pick a dish from each different continent and then compare to see which is your favourite. As always please send in pictures or even a sample or two for me to try ☺

## GET

## DESIGNING

Watch the 2004 film 'Around the World in 80 Days' which is about the fictional explorer Phileas Fogg. Design a new vehicle for him that you think would be able to go around the entire globe in just 80 days. Remember to think about what would be needed-how would it travel? What would it be made from? What would be inside the vehicle? Could you make a small model for us to see?

## GET RESEARCHING

Research the largest country from each continent of the world and present some interesting information about it.

Research the New 7 Wonders of the World and create a PowerPoint or information sheet about them.

Research the Natural Wonders of the World and create a PowerPoint or information sheet about them.

Year 3  
Dip and Do  
The World

## GET WRITING

Write down the recipe of the favourite dish that you made from 'Get Cooking'. This could be done on a computer with images as well. If we get over 20 entries, we can make a Y3 favourite dishes book!

## GET READING

Find out who the top 5 biggest selling children's authors of all time are from the entire world and read some of their masterpieces. (Finding out the top 5 maybe trickier than you think... who can tell me why?)

## GET EARNING HOUSE POINTS

Create a film based on the 'community'. Record it on any device and save it onto a USB. Enter this in the Priory Oscars and you will earn 20 HPs for entering, 60 for winning a prize or 100HPs for being voted the best overall film. You can work with friends and family to create and edit the film.

FOR THE SECOND HALF OF THIS TERM OUR TOPIC IS "Locational Knowledge The World". **DIP** INTO THE ACTIVITIES ABOVE WITH YOUR CHILD. YOU DON'T HAVE TO **DO** THEM ALL! YOUR CHILD CAN PRESENT THEIR LEARNING IN A WAY THAT THEY WOULD LIKE (BE IMAGINATIVE!) AND BRING IT INTO SCHOOL AS THEY COMPLETE IT TO SHARE WITH THEIR CLASS. ALL ACTIVITIES ARE OPTIONAL.
